FOR IMMEDIATE RELEASE

Hisco Named Treston's Distributor of the Year 2016

HOUSTON—**March 28, 2017**—Hisco, an employee-owned, specialty distribution company serving principally the electronics, aerospace and defense, and medical device markets, has been awarded Distributor of the Year 2016 by Treston Inc., formerly Sovella, a leading manufacturer of industrial furniture and workstations. The award, presented February 28 at IPC APEX EXPO 2017, recognizes premium preferred distributors excelling in year-over-year sales growth, commitment to distribution and partnership planning, and more.

“We thank our Treston partners for their collaborative efforts in another solid year,” said William Bland, Hisco’s vice president of sales. “This year’s sales performance exceeded our projections, resulting in 111% year-over-year sales growth. It’s a testament to our ‘play as one, win as one’ philosophy, and we’re excited to see how far it can take us in the coming year.”

For more than 45 years, Hisco has delivered value to customers through quality products, process solutions and local inventory. Today, the international branch network includes 38 stocking locations in three countries: the United States, HiscoMex in Mexico and HiscoCan in Canada. Hisco’s Precision Converting facilities provide value-added fabrication, and its Adhesive Materials Group provides an array of custom repackaging. Hisco also offers vendor-managed inventory programs and specialized warehousing for chemical management, logistics services and cold storage. In addition to Treston, its supplier base includes manufacturing giants Alpha, 3M and Brady, to name a few. For more information, visit www.hisco.com.

Treston Oy, along with its subsidiaries, designs, manufactures and exports technical and industrial furniture and storage systems. It offers workbenches and accessories, packing stations, turntable assemblies, bins, containers and more. Additionally, it manufactures ESD protective furniture, storage systems and mats for the electronics industry. Incorporated in 1984, Treston Oy is based in Turku, Finland.
