

AS-IPA-1G Isopropyl Alcohol (IPA) 70%

The All-Spec AS-IPA-1G is a gallon bottle of 70% isopropyl alcohol. This is technical grade and meant for use in a manufacturing process only and not for use in any other capacity including medical use. The AS-IPA-1G is safe on plastics and has a slower evaporation rate compared to IPA's containing more than 70% alcohol.

Specifications:

| | |
|------------------|---------------------------|
| Appearance | Clear, Colorless Liquid |
| Odor | Alcoholic |
| Odor Threshold | 22 ppm (IPA) |
| Molecular Weight | 60.1 g/mol (IPA) |
| Melting Point | -20°F (-29°C) [estimated] |
| Boiling Point | 180°F (82°C) |
| Flash Point | 65°F (18°C) |
| Flammability | Yes, Flammable |

Size: 1 Gallon Bottle | Case Size: 4 Gallons per Case
