### THIS FACE COVERING:

- will help reduce the likelihood of you spreading the virus to others. Great for you and your employees.
- is one way to combat the virus. Social distancing, handwashing, and other CDC recommendations should also be followed.
- does not* replace the N95 used in healthcare settings and should not be used when caring for those with COVID-19.

*These masks provide protection against large droplets, splashes or sprays of bodily or hazardous fluids. They do not provide the wearer with reliable protection from inhaling smaller airborne particles and are not considered respiratory protection.*
