# Take the Stress Out of Chemical Management

Chemicals are often the lifeblood of production operations, but many organizations lack the resources and expertise to be fully confident they are managed properly.

**ITW Chemical Review Program** provides an on-site review of your facility and chemical management program by an experienced chemist and expert in the field. For a reasonable cost, we provide recommendations to ensure environmental compliance, worker safety, and operational efficiency. Productivity gains alone can justify the service!

#### ITW Chemical Review process:

1. A questionnaire is provided to allow us to prepare for the on-site visit
2. On-site visit by a trained specialist
3. Comprehensive report provided
4. Follow-up consultation
